

Camp Li-Lo-Li

CPR • AED & WILDERNESS RE- CERTIFICATION

Saturday,
April 5, 2025
starting at 9:45 am
at Cornerstone Bible Chapel
3231 Buffalo Road
Rochester, NY

- **Must already have current certification.** CPR/AED is good for 2 years, but required every year for camp. Wilderness First Aid is good for two years. New 2022 edition books are needed.
- **Bring pocket mask** for testing (or request one when you register)

This year we are continuing the CPR/AED re-certification through the **American Safety & Health Institute (ASHI)**.
Please review your current book before arriving.

We will also offer recertification for the **Wilderness First Aid** course. It will involve an 80 question written test for which **you will need to review ahead of time on your own.**

We will start promptly at 10 am with a brief review, highlights of changes, practice and then we'll move on to skills testing for **CPR/AED** in the morning.
A light pizza lunch will be served. Those who need the Wilderness First Aid recertification, should plan to stay after lunch for testing.

Cost: \$10 for the **CPR/AED** or **Wilderness re-cert**
\$7 for new **pocket mask** (please note if you need this when you register)
Book cost TBD

Please register by March 28 so adequate supplies can be ordered.

To register, contact Amy: arlarter@aol.com

Fees will be collected upon arrival. Please arrive by 9:45 to take care of that.

If you have any questions about the certification, or are interested in the FULL CERTIFICATION for Wilderness First Aid or CPR please contact betsy@liloli.org or lwhite@liloli.org
